WELCOME ADDRESS FROM THE CONGRESS PRESIDENTS

Dear Members, Dear Colleagues, Dear Friends,

It is our great pleasure and honor to invite you to participate in the 5th International Congress of the iDLTG Group that will take place in Brussels on Friday October 15 and Saturday 16, 2021.

This event will be organised in collaboration with the Belgian Section of Hepato-Bilo-Pancreatic Surgery (BSHBPS) of the Royal Belgian Society for Surgery (RBSS). Indeed the XX1st annual, Postgraduate Course of the BHBPS has been officially integrated in the iDLTG Congress.

The biennial iDLTG meeting follows the very successful previous ones, which took place twice in Seoul (SKr) and once in Dallas(US) and Kaohsiung (Tw). As the Western world still hesitates to embrace this therapeutic modality, the iDLTG council found it opportune to “export” the congress to Europe.

The program focuses on the spectacular technical advances that have been made during the last two decades in this field of transplantation as well as on the *cross-fertilization* between living donor liver transplantation and hepatobiliary surgery. The sessions dedicated to hepatobiliary oncology (eg. which patient to resect, which one to transplant) and to advanced liver surgery (eg. in vivo and ex-vivo liver surgery) and modern surgical technology (eg. laparoscopic and robotic liver surgery) clearly illustrate this idea.

The congress aims at capturing the interest of both transplant and non-transplant communities in order to foster progress in the treatment of benign and malignant hepatobiliary diseases. These progresses are based on “versatility”, the key to be successful in complex surgical procedures and decision making processes !

During this two day meeting, many of the world’s most renowned Western and Eastern leaders in the fields of (living donor) liver transplantation and hepatobiliary surgery will raise the interest for, and the scientific content of this meeting. An occasion not to miss!

The iDLTG Council and the board of the BSHBPS hope to welcome you in October 2021 in Brussels, “the heart of Europe”.

Mark your calendar already NOW ...consult the website www.ildt2021.org and kindly stimulate your surgical colleagues not only to attend, but also to actively participate in the meeting.

Very sincerely yours,

Prof. em. Jan LERUT

Congress Chair

Past-President iDLTG

Dr. Alexandra DILI

Congress Co-Chair

President BSHBPS-RBSS

Prof. Chao-Long CHEN

President iDLTG
